Dear Visiting Member

SAHPA Foreign Temporary Membership

Welcome to South Africa. We wish you a wonderful stay and safe flying.

It is a legal requirement that a visiting pilot has to have a SAHPA temporary membership. Flying without the SAHPA temporary membership is illegal, and could impact on insurances held by the pilot. The membership is valid for 2 months. It is important that you contact the local club members or instructors in the area you will be visiting so that you can be briefed on the conditions, site rules, etc. You'll find a complete list of all South African clubs and schools on the SAHPA website along with their contact details.

Radio Licence

To use the designated frequencies in South Africa, one must have a licence, which SAHPA is empowered to issue and is included in this licence. An air band radio licence is required for PPG / PPT / PPC and is not included in this licence. Contact a designated examiner for this Part 62 air band restricted radio course. You'll find their contact details on our website.

Third party and site insurance

Although it is acknowledged that most pilots have valid third party insurance from their country of origin, it does not cover visiting pilots pertaining to site insurance locally. It is required that this local third party insurance be paid up. It is a group insurance and is covered by this fee.

To apply

SAHPA will need the following documentation and fee to be submitted either to the SAHPA office or to any local school or club.

Foreign Visitors application form

Copy of licence

Fee of R 500.00.

The fee can be paid directly into SAHPA's account or to a local instructor. Regrettably, no credit card facilities are available at SAHPA.

We look forward to receiving your application. If you have any further queries, please do not hesitate to contact the the SAHPA office.
